--CAUTION: READ THIS AGREEMENT CAREFULLY BEFORE INSTALLING THE SOFTWARE--

### **LICENSE AGREEMENT FOR USE OF BLUE SKY PLAN™ SOFTWARE**

This License Agreement is provided for your reference. To complete the installation and to use the Blue Sky Plan™ software package, you will need to agree to the following terms and conditions:

1. **Contracting Parties.** The parties in this License Agreement are Blue Sky Bio, LLC (“Licensor”) and the user of the software (“Licensee”).
2. **License Grant.** The Licensor grants the Licensee a single, non-exclusive and non-transferable license to use the Software, provided Licensee complies with all terms and conditions of this Agreement.
3. **Accession to the Agreement.** Installing, copying or otherwise using the software signifies that you are expressly agreeing and are bound to the terms and conditions of this Agreement. If you do not agree to the terms and conditions, you may not install, license or use the software, and the software in your possession must be immediately deleted and destroyed.
4. **Media Elements.** The Licensee agrees that the software may include photographs, clip-art files, templates, forms, animations, sounds, music, advertisements, product promotion and video clips identified for use in the software (collectively called “Media Elements”).
5. **Proprietary Rights.** The Licensee expressly acknowledges that, as between Licensor and Licensee, the software and the logos, trademarks, emblems, symbols, distinguishing marks, manual(s), technical documentation, Media Elements and other associated material related to the software belong to and are owned by the Licensor and that Licensee has no proprietary interest therein.
6. **Transfer.** It is expressly forbidden for the Licensee to transfer, license, sublicense, rent, lease or lend the software to any third party or export it outside of the country in which it is licensed to Licensee. Licensee may not assign this Agreement.
7. **Consent for Use of Data.** The Licensee agrees that the Licensor and its affiliates may collect and use all information gathered and provided by the Licensee during the use of the software. The Licensor may use such information for business purposes, to improve products, provide customized services, distribute marketing material or to sell other products or software. In doing so, the Licensor will not identify the Licensee.
